LITHIUM ENERGY

NeverDie®  
Dual Channel BMS

The **SAFEST**

most **RELIABLE**

and **ONLY** dual channel, fully protected, plug & play marine lithium system on the market

The OPE-Li3 Battery Management System (BMS) is a dual-channel system (separate charge & load channels) especially optimized for marine house banks. It is the world's first plug & play integrated, one-piece, dual-channel BMS. Developed by Bruce Schwab (renowned solo ocean racer, lithium battery expert, and America's first Vendee Globe finisher) together with Lithionics, the OPE-Li3 is the safest lithium battery system available anywhere.

**Choose your OPE-Li3 ND-DC Lithium Battery System by Case Size**
